WHAT CLIENTS ARE SAYING?

I have never been happier with the match for our new CEO. Lori took our top 5 choices and explained the best fit without even seeing their CV's. Amazing! What a time saver.

J.B. Fortune 500. - Computer Technology, San Francisco

Last year I spent one day and got the focus for this year for our company, staff, and how to individually light a fire of leadership under every member of our international team. We have increased our CAN sales by 58 % and USA by 62%.

M.P. Time Warner, Toronto

I am a private investor and believe very much in due diligence. Over the last year when I need a second outside source to look at my final choices and the few long shots that come up, I ask Lori for her intuitive profiles on the companies. We have been 7 out of 7 this year!

B.R. Investor, Los Angeles

Within one month after Lori came our office for a 2-day consultation we revamped our staff, aligned ourselves as the two owners and began to write out our 5 year exit plan. Our sales in the four weeks after our business intuition think tank brought in more revenue than the first half of the year. We know it is directly related. Thanks so much!
