Anyone Can Learn To Channel Higher Wisdom!

Intuition is a natural skill, and channelling is an honoured way to focus your attention. Let us teach you how to tune in to your intuition AND 8 specific outside sources of higher wisdom. Heightened perception is a skill set, not a mystical gift. There is incredible wisdom available in the subtle and invisible realms. Let us teach you how to access this wisdom.

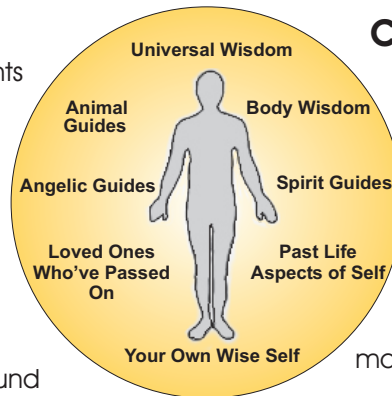

Who Attends?

All are welcome. Since 1994, over 2700 students have attended this class. It has been taught in 5 countries and in over 25 cities by Founder, Lori Wilson, and the 15 Inner Access 101 Trainers.

Participants include:

- Doctors, nurses and counsellors trained in allopathic medicine • Practitioners in holistic healing modalities • People with NO background in healing or intuition • Parents, educators, writers, business people, homemakers, and artists • People looking to gain trust and feel more empowered in their lives • People who are just curious about intuition and different sources of wisdom • People like you. •

**This Training is open to all.
Everyone can learn this skill!**

Course Content:

Access higher wisdom from 8 specific sources such as: your own wise self; spirit guides; loved ones who are in the spirit realm; animals; nature elements; past life memories; angel guides; your body; and universal wisdom.

Find your own style of tuning in by sampling a wide variety of tools to gather information such as: writing; visualization; color; breath; sound; movement; sensing; posture; and drawing.

Learn a frame of reference for this skill set including: the difference between trance and conscious channelling, mediums, and psychics; the importance of finding your own personal style for receiving information; how to channel for yourself and others; principles of opening and closure; discretion and the appropriate use of this tool; understanding energy; trust; and how to go beyond roadblocks.

- Taught with professional and ethical standards by one of the 12 qualified Inner Access 101 Trainers.
- More than just an overview — learn to do the work in a safe, structured and supportive environment!

What Our Students Say ...

“In our group there were people who were experienced with the work, and also newcomers. By the end of the first day, we couldn’t discern any talent difference. The teacher and course structure were able to make an intangible thing tangible.”

“I received what I needed and discovered through experience the ease with which we can access this information.”

“This has been the best jam-packed, organized course I have ever been on!”
